PERSONAL PROFILE

Passionate and detail-oriented Flutter Developer with hands-on experience in building cross-platform mobile applications. Skilled in Dart, Flutter, and full-stack app development with a strong focus on clean code, UI/UX, and performance optimization. Adept at mentoring others and creating educational content for aspiring developers.

WORK EXPERIENCE

- FLUTTER DEVELOPER | APRIL 2025 – PRESENT**
Infusible Coder
 - Develop and maintain cross-platform mobile applications using Flutter and Dart.
 - Built full-stack applications, including e-commerce, finance, and service-based apps, with integrated frontend and backend.
 - Collaborate with designers and backend developers to deliver scalable and user-friendly solutions.
- FLUTTER & DART INSTRUCTOR | 2025**
Infusible Coder
 - Conducted training sessions on Flutter and Dart for aspiring developers over a period of two months.
 - Created structured learning materials and hands-on projects to enhance student engagement and skill development.
- MOBILE APP DEVELOPER | 2023**
Doccoder
 - Developed mobile applications, including a tailor app, bakery app, and service app using Flutter.
 - Worked on frontend development and collaborated on UI/UX implementation for e-commerce projects.

PROJECTS & CONTENT CREATION

- YouTube Channel:** CoderFlow Umair, creating and uploading Flutter tutorials, courses, and project walkthroughs.
- Portfolio Projects:** Full-stack finance app, e-commerce app, service apps, and UI-focused frontend projects.
